EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The numbering of claims presented in the amendment of May 18, 2010 is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not). Note that applicant's last three claims are not consecutively numbered as presented, rather they repeat numerals 28 and 29.

In the claims:

- (a) Misnumbered claims 28, 29 and 30 (the last three claims presented) have been renumbered 30, 31 and 32, respectively.
- (b) In claim 23, line 18, "(being" has been changed to --being--
- (c) In each of claims 24, 25, 26, 27, 28, 29, 30, 31 and 32, line 1, the series of characters "w h e r e i n" has been deleted and --wherein-- inserted in its place.
- (c) In claim 32 (as renumbered), line 1, "29" has been changed to --31--

Informal amendment under 37 CFR 1.121

2. The examiner notes that the amendment filed May 18, 2010 is informal as the claims newly presented are not provided with the status identifiers which are required. In that the amendment papers specifically refer to the newly presented claims as being 'new' and in that previously presented claims 1-22 are now all canceled, the status of all claims pending at this time (23-32 -- the last three having been renumbered under 37 CFR 1.126) is understood to be "new" and the amendment is accepted by the examiner to be "substantially in conformance" with the regulation.
